

# E-Myth Wine & Food Pairing Group Dinner

Experience the Sonoma County Wine Country at its best! Join E-Myth on the evening of day one of the Leadership Intensive for a sumptuous four-course wine and food pairing at St. Francis Winery and Vineyards ([www.stfranciswine.com](http://www.stfranciswine.com)). Round trip transportation via luxury bus is included.

Located in the heart of Sonoma Valley and founded in 1971, St. Francis winery is committed to making extraordinary full-bodied wines from 100% handpicked Sonoma County grapes. Reminiscent of a Tuscan estate, St. Francis Winery is bordered by the Mayacamas Mountains with sweeping views of the Sonoma Valley.

Executive Chef John Littlewood has been a prominent chef since graduating first in his class from the California

Culinary Academy in 1989. John's work has been featured in *Bon Appétit* and *Cooking Light* magazines, and his first book, *Celebrating the Seasons at Westerbeke Ranch*, was published in early 2006. St. Francis and Chef Littlewood offer a unique Wine Country experience—a taste of Sonoma County foods that truly showcase their world-class Sonoma County wines.

Your dining experience will take place in the St. Francis Dining Room, its windows opening onto the patio and offering breathtaking views of the vineyards and the majestic Sonoma foothills beyond. Each course of your meal has been uniquely created by Chef Littlewood and is accompanied by wines specially selected to enhance the flavors of the freshest, height-of-the-season products. You will end your evening having fully enjoyed the bounty of the Sonoma County wine country—an experience you are not likely to forget!

Here's what some of our past participants have to say:

*The dinner at the St. Francis Winery was a highlight of the seminar and a "don't miss" event. The setting was so relaxing and peaceful, which was well needed after a day of thinking about how much needed to be done on our businesses. Our table was extremely lively and we laughed so hard we nearly had tears in our eyes. It was a wonderful release and a great way to tee up the next day's session. After a day of immersion in E-Myth, I felt less tense and more empowered with "I can do this...and will" spirit...and a warm feeling of camaraderie.*

*Getting the time to speak to the other participants was helpful for networking, learning about other business operations, and just plain fun. Given the wide range of people and businesses, it was fascinating to learn about each other. The food was incredible and the whole event resulted in a more relaxed and open second day for the whole group. I would definitely recommend it to anyone attending the Leadership Intensive Seminar.*

*It was an awesome experience! The winery and the view together were breathtaking. We look at the pictures frequently and relive being there. The laughs and the stories told at dinner were a great time. We would do it again anytime.*

*A perfect addition to the Mastery program—this seminar gives an excellent overview with the opportunity to practice some of the principles like Primary Aim, Strategic Objective, Key Frustrations and Systems creation. The venue is perfect, the accommodations wonderful and the winery dinner the perfect touch.*
